SAFETY MESSAGE

Winter Walking

Here are some general tips to help companies and employees stay safe when conditions are icy:

- Employers should clear snow and ice from walking surfaces and spread deicer as quickly as possible after a storm.
- Employees should wear footwear that has good traction and insulation. Avoid wearing boots or shoes with smooth leather or plastic soles and heels. You should always wear shoes or boots made of non-slip rubber or neoprene with grooved soles when walking on snow and ice.
- Wear a heavy, bulky coat that will cushion you if you should fall.
- Wear a bright colored or reflective clothing so drivers can see you.
- Keep warm, but make sure you can hear what's going on around you.
- During the day, wear sunglasses to help you see better and avoid hazards.
