## Summary:

This is a writeup of the details of the Adopted Budget for the 2019/2020 budget year that is being presented to you for adoption.

## General Fund

### Fund Balance

Early projections of our General Fund ending fund balance for the 2018/2019 budget are \$3,929,700 which is a growth of \$191,582 over the beginning fund balance. The \$3,929,700 would represent 19.8% of our 2018/2019 budgeted revenues. We are required by state statute to hold 5% (\$993,006) and an additional \$198,601 by City Ordinance @ 6% (\$1,191,607). In addition, there is a reserve for Compensated Absences (PTO/Vacation) that is booked at about \$485,000 each year. That would leave approximately \$2,253,092 available for appropriation.

### Revenues

Tax Revenue changes built into the proposed budget (from the original adopted budget) include:

- Property Taxes new growth of \$60,446 plus \$25,357 in delinquent collections and interest, which is a 1.08% rise from the current budget. This growth comes as new structures are built or as unfinished basements are finished. This represents an increase of \$29,995 over what was included in the tentative budget.
- Sales taxes built into the budget include an increase of \$109,000 in new growth which is a 1.75% rise from the current budget.
- Energy Use Tax built into the budget is a reduction of \$20,596 which is a 0.99% decrease from the current budget. This matches to our current projections.
- Fee in Lieu of Property Tax built into the budget is a \$60,000 which is a 16.44% increase over the current budget. This revenue source is tied to the Property Tax distribution and was not adjusted last year when we did the Property Tax increase. That is the reason for a larger than normal adjustment on this item.
- Franchise Taxes built into the budget is a reduction of \$23,346 which represents a 6.7% decrease to round out this revenue line at \$325,000 total.
  - All these tax type revenue changes total \$210,861 in new growth over current year budget which is 1.23% in overall growth.

Other Revenue changes (from the original adopted budget):

- Road Cut Fees add \$1,678 to have a round figure of \$55,000 in our budget.

- Reduce the Crime Victim Assistance Grant by \$25,000 as we are no longer are a recipient of this grant.
- Class C Road funds reduction of \$75,000 to be more in line with what we are seeing reflected for the current budget year. The full year budget is \$1,240,000.
- Interest Revenues, Police Records Revenues, Event Revenues, and Miscellaneous Revenues are built in with a \$20,113 overall increase that matches to our projections in these revenue areas.
  - Combined other changes are a reduction of \$78,209.

Total revenue changes of \$132,652 (from the original adopted budget) or 0.67% overall growth.

## **Expenditures**

### **Employee cost changes include:**

- The current COLA is included at 1.9% which is based on the national CPI index that ended in December of 2018. The overall impact of this is +\$142,037. This would be applicable to all employees.
- The current recommended Merit would be 3.7% or 3 steps. This is to recognize the growth, knowledge, and longevity of those who are not yet at the top of their range. The overall impact of this is +\$255,656. This would be applicable to those employees not at the top of their respective salary ranges and those whose ranges do not match to market.
- Health cost increase is 0.5%. The overall impact of this increase is +\$4,056. Dental cost increase is 7%. The overall impact of this increase is +\$4,104. Combined Health and Dental is +\$8,160.

### **Other Department or Division items that have impact on the recommendation would include:**

- Elections – We have biannual city elections. Including the cost of the referendum this will be about +\$60,000
- Market Study – We included funds of +\$10,000 to pay an intern to help with an internal market study to know where our compensation for employees compares to other municipal entities.
- City Survey – Council has advised that we update our community expectations with a new resident survey with an estimated cost of +\$15,000.
- Tuition Reimbursement – In Prior years we had \$12,000 total, this was reduced to \$6,000 last year and we really need \$12,000. Increase of +\$6,000.
- Mayor and Council reductions of -\$16,000:
  - Reduce Vehicle and Phone Allowances in the Operations budget as they will be budgeted in the personnel costs from here on out. Reduction of -\$6,000.
  - No changes to funding for the Newsletter.
  - Consulting / Administrative Support reduction of -\$10,000 to match annual spending levels.
- Events – No changes to funding for the parade float.
- Overall IT cost changes of +\$136,872:
  - IT cost reductions – We have identified 2 areas for reductions in the IT budget. IT supplies and Internet / Phone charges. We have reduced these two items a total of -\$14,000.
  - IT cost increases – We have identified several areas of increases in the IT budget +\$150,872:
    - IT Software will need an additional +\$54,872. The bulk of this is for Office 365 as this was not budgeted in the current year budget. This was last paid in June of 2018 with the thought that this would again be paid in July of 2019. This is about \$35,000 of this total impact.
    - IT Hardware will need an additional +\$88,000. This is largely driven by needs in the Servers, Switches, and Networking needs.
    - IT Training and Vendor services will need an additional +\$8,000. This is to allow our IT staff to remain on top of the overall trends and changing environment of the IT world. It also allows us to bring in a vendor when the need arises to help with various projects or software specific needs necessitate the need.

- Overall Community and Economic Development cost changes of +\$51,000:
  - Community and Economic Development cost decreases:
    - Funding for the 2 paid interns (planning and GIS) reduction of -\$20,000. This reduction is tied to the increase of the Planning Technician.
  - Community and Economic Development cost increases +\$71,000:
    - Funding for a Planning Technician which would enable the division to provide additional long-range planning efforts and pursue sustainability objectives for the city and cover the tasks being performed by the interns. Overall cost impact is +\$60,000. When considering the reductions above, this impact is really \$40,000 (\$60,000 less \$20,000 paid interns).
    - Funding for an Affordable Housing Report of +\$10,000. This may be a little less than \$10,000.
    - Funding for Building Permit Software module for electronic submissions +\$1,000.
- Overall Police cost changes of -\$49,000:
  - Police cost decreases of -\$61,000:
    - Part time Investigator reduction -\$37,000.
    - Leased Equipment reduction -\$10,000.
    - Phone reduction -\$12,000.
    - Contract Services reduction -\$2,000.
  - Police cost increases of +\$12,000:
    - VECC/Spillman dispatch fees increase +\$6,000.
    - Spillman Records Management increase +\$6,000.
- Fire increase placeholder +\$185,656 which represents a 5.11% increase.
- Public Works changes. Combined savings of -\$155,738:
  - There are many changes included in various accounts within Public Works, but the overall impact is a reduction of -\$30,738.
  - Eliminate the Gilson Engineering contract for -\$285,000 and replace this with funding for a staff Engineer with funding of +\$135,000 and engineering services of +\$25,000. Net savings of -\$125,000.
- Overall FTE changes include the reduction of 2 interns in Planning and Economic Development, the reduction of a part time investigator in Police, the increase of 1 Planning Technician in Planning and Economic Development, and the increase of 1 PW Engineer.

**Transfers out of the General Fund:**

- Capital Projects Fund \$1,232,762 for Public Works capital projects
- Debt Service Fund \$1,863,822 for debt service, which is a \$125,865 increase over current year, related to:
  - Land and Buildings \$1,126,900.
  - Police Vehicles \$426,704.
  - Public Works Vehicles \$310,218.

The overall impact of the changes outlined on the General Fund is a use of fund balance of \$567,818. This is in line with other projections (white board, back of the napkin) discussed when the tax increase was adopted in August of 2018. Current projected ending Fund Balance would be \$3,361,882. This represents 16.9% of revenues included in this 2019/2020 budget proposal. We are required by state statute to hold 5% (\$995,800) and an additional \$199,160 by City Ordinance @ 6% (\$1,194,960). In addition, there is a reserve for Compensated Absences (PTO/Vacation) that is booked at about \$485,000 each year. That would leave approximately \$1,681,922 available for appropriation at the end of the budget year.

Overall impact to the Capital Projects Fund Balance would be a reduction in Fund Balance of \$435,000 which brings the projected ending fund balance to \$449,274 (\$884,274 less \$435,000) available for appropriations at the end of the budget year.
